The Father David Cullings parking lot is now official as of Thursday May 22.

The dedication took place over a year ago at the 2013 Founder's Day Mass.

The parking lot was chosen because when Cullings was Marist's chaplain he would humbly pick up garbage from around the parking lot in his spare time.

The plaque has been placed in a discreet location, keeping things humble just as Father Dave would want it.

## Third Time's A Charm For The Arts

By Jalan Hart

The Marist Arts program came to an epic conclusion on Saturday night when all arts classes performed for fellow students, staff, and alumni at the third annual encore concert.

The evening included performances from the choir, rock and jazz band, as well as scenes from various musicals in the last two years.

The event was done to raise money for the Arts Pro-

gram, as well as encourage donations in the future, which was a success seeing as they raised a total of \$975 for the arts endowment.

The evening also included performances by Marist teachers Sarah Baird-Reed, and the quartet of Ryan Baker, Rick Gardner, Tony Rust, and Jim Reinking. Alumni also took the stage with Colline Conklin and Brenna Stacy, classes of 2007 and 2008.

## Staff Reign Supreme In The Annual Softball Game

By Jalan Hart

The stands and dugouts were full as the staff once again prevailed over another senior class at the annual end of the year senior staff softball game held yesterday at the Marist softball field.

According to theology teacher and game coordinator Chad DePaoli, the seniors have only won once in the past 10 years.

The staff's unending reign

continued with the help of a talented team of teachers at Marist and a game tying home run by vice principal Rick Gardner.

The class of 2014 had its own moments of glory: an diving catch by seniors Rowdy Huston off the glove of Zach Capri, multiple linedrive catches by Davis Jacob, Cam Jack's multiple on the run run-saving catches, and a big home run from Tanner Lloyd.

## Students Clean Out Their Lockers For A Cause

By Natalia Zreliaik

This past week Marist students have been cleaning out their lockers and donating any extra school supplies they may have to Marist's "Clean Out Your Desk Project."

The supplies will be given to the Relief Nursery, a non-profit child abuse and neglect prevention agency that helps out high-risk families.

The final deadline for lockers to be cleaned out was today so bins were placed in the middle of the hallways for donations.
